Wave of Despair (Recharges after a Rest). The despair crimson begins channeling until her concentration ends (as if concentrating on a spell). While channeling, she must remain synchronized with the despair azure. If they are no longer synchronized at any point, the channeling immediately ends, and the ability fails. If the despair azure is already channeling this ability, the despair crimson can instead complete the channeling, immediately unleashing the magic. *Constitution Saving Throw:* DC 16, each creature in a 60-foot cone. *Failure:* 27 (6d8) force damage plus 27 (6d8) psychic damage, and the target is incapacitated, falls prone, and is unable to stand up until the end of its next turn. *Success:* Half damage.

Spellcasting. The despair crimson casts one of the following spells, requiring no material components and using Charisma as the spellcasting ability (spell save DC 16):

At will: *minor illusion*, *charm person*, *command*, *vicious mockery* (3d4 damage)

1/day: *compulsion*, *confusion*, *irresistible dance*, *mass suggestion*, *phantasmal killer*, *seeming*

REACTIONS

Protective Magic (3/Day). The despair crimson casts *counterspell* in response to the spell's trigger, using the same spellcasting ability as Spellcasting.

Stay United (While Synchronized). *Trigger:* The despair azure is subjected to an ability check or saving throw that would move him against his will away from the despair crimson. *Response:* The despair azure gains advantage on the roll.
